# Welcome from the President

## Welcome to Atlantic Technological University

**I am delighted to welcome you to the 2024 International Quick Guide of Atlantic Technological University Ireland (ATU).**

This publication will guide students, parents, and teachers through the wide range of programmes available in Atlantic TU, one of the largest multi-campus universities in Ireland.

We are very proud of our diverse range of programmes offered at our campuses in Connemara, Donegal, Galway City, Mayo, Mountbellew, and Sligo. Between our campuses, we offer 600 academic programmes from pre-degree to doctoral level to a population of 23,500+ learners.

We offer a rich combination of academic and research excellence, quality of life and opportunity – all of which can be experienced in the beautiful west and north-west region of Ireland. We deliver practice-orientated study, and research that seeks to address the major global challenges facing society.

If you join our ATU family, we will welcome you and provide all the guidance and support you need to fulfil your potential.

We are dedicated to enabling sustainable economic, social and cultural development; connected to and serving our region and with a mindset that reaches far beyond it.

**Your future is here.**

**Dr Orla Flynn**

Uachtarán/President

Ollscoil Teicneolaíochta an Atlantaigh  
Atlantic Technological University

# Why choose Atlantic Technological University

**Atlantic Technological University (ATU) is a multi-campus technological university in the west and north-west of Ireland that delivers a rich combination of academic and research excellence, quality of life and opportunity.**

## Collaborative Strength

Atlantic TU has a student population of over 23,500 learners, spanning more than 600 academic programmes from pre-degree to doctoral level. ATU's strength lies in our collaborative ethos, realising our shared goals by elevating and championing success.

## Academic Excellence

ATU offers an exceptional higher educational experience. Building on the foundations of applied learning, our university focuses on research-informed teaching. We empower learners to realise their full potential, developing responsible citizens, critical thinkers, innovators and problem solvers equipped for life-long learning.

## Research, Engagement and Innovation

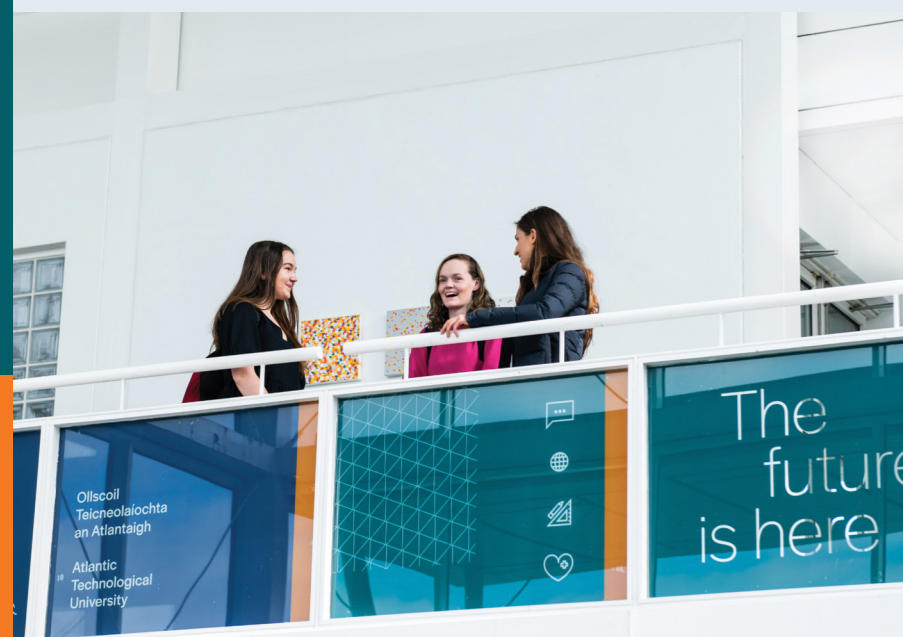

At Atlantic TU we have a proud tradition of industry engagement, through collaborative research and providing programmes at undergraduate and postgraduate levels that meet employers' skills requirements. As the leading higher educational institution in the region, our students, staff and communities are intrinsically linked to regional employers, building sustainable employment opportunities, and driving growth in the west and north-west.

## Global Opportunities

Our students develop as global citizens, recognising and building awareness of the opportunities and roles we play in developing sustainable global economies. From collaborative international research to overseas study and work placement opportunities, ATU students are part of a global community with a mindset that reaches far beyond our shores.

# Campus Locations

As a multi-campus university, Atlantic TU offers students a diverse range of experiences, from bustling cities to wild Atlantic coastal regions. With many courses to choose from, students can follow their passion, find their career path and engage in a vibrant university community. With a continued emphasis on applied learning, small class sizes and a supportive environment, ATU students can immerse themselves in student life and emerge graduate career ready.

## ATU Galway City

Galway is home to ATU's Galway City campus. Galway is much more than a scenic city-by-the-sea. It has a diverse population of 75,000 people, with students making up at least a quarter. As the 4th largest city in Ireland, Galway has everything from Michelin-starred restaurants to open air markets, pubs, theatres, live music events, and an eclectic bunch of personalities.

Established in 1972, ATU Galway City includes a number of buildings on the east side of the city, overlooking Galway Bay, and a number of sports facilities.

ATU Galway City's building on the Old Dublin Road is one of Galway's iconic landmarks, due to the three distinctive sail-shaped copper panels at the front of the main building. This unique design helps identify the university as an innovator in modern technology and serves the practical purpose of housing the Library and IT Centre. This location offers undergraduate and postgraduate courses ranging from business, science, computing, engineering, culinary arts, hospitality, tourism and heritage.

ATU Galway City's building on the Wellpark road is located even closer to Galway City centre, and is home to the School of Design and Creative Arts. This location is a hive of creative activity and is home to several creative enterprises. It offers courses in design, art, film and documentary, creative media and storytelling, animation and game design, and teacher education in art, design and graphics.

## ATU Mayo

With a population of over 12,000, Castlebar is the main town in County Mayo, and is home to ATU's Mayo campus. Situated only 28 miles from Ireland West Airport Knock, Castlebar has much to offer residents, students and visitors.

ATU Mayo

In 1994, the Mayo campus opened its doors in the west wing of St Mary's hospital and today is a thriving destination with over 1,000 students. The original building has been sensitively restored to retain much of the original architecture, while providing the modern facilities and services required for students and staff. ATU Mayo offers courses in nursing, social care, early childhood education and care, community development and youth work, outdoor education, and history and geography at undergraduate and postgraduate level. There are also numerous courses available for adults wishing to get back into education both full and part-time. In 2011, it became the first Institute of Technology campus in Ireland to be awarded Green Campus status.

## ATU Connemara

The ATU Connemara campus is regarded both nationally and internationally as a leading provider of third-level courses in furniture design and technology, and teacher education (design, graphics and construction).

It is located along a stunning coastline just over an hour from Galway City. The campus is home to over 200 students, studying five different degree courses in its state-of-the-art workshop facilities with the most advanced machinery and computer technology.

The Connemara campus has links to major furniture design and manufacturing companies around the globe, allowing students to avail of work placement opportunities with leaders in furniture design and manufacturing. Graduates are recognised for their innovative, creative and responsive approach to projects. They frequently win, and are shortlisted for, national and international awards that influence and develop the furniture industry.

## ATU Mountbellew

Established by the Franciscan Brothers in 1904, the Mountbellew campus was the first agricultural college in Ireland. Mountbellew is a quiet, but growing market town 45kms from Galway City on the N63 road to Roscommon. The original college was demolished in 1971 and later replaced with a new building in 1975. In 1986, the Franciscan Brothers Agricultural College established a link with GMIT to deliver a Higher Certificate in Business Studies (Agri-Business).

Today, ATU students in Mountbellew can choose between degrees in rural enterprise and agri-business, agri-engineering or agri-science. They spend their time between the Mountbellew campus (one hour from Galway City) and the ATU Galway City campus.

ATU Connemara

ATU Mountbellew

ATU Galway City, Wellpark Road

ATU Galway City, Old Dublin Road

## ATU Donegal Letterkenny

Donegal is renowned for its stunning beaches, welcoming and relaxed atmosphere, and the most beautiful accent in Ireland. It is one of the most affordable regions to live, work and study in. The cost of living is considerably lower than the national average and the region offers a good variety of affordable student accommodation. ATU Donegal's reach is both local and international, attracting a diverse student body of almost 5,000 students from Ireland and 32 countries across the globe. Our engagement and partnerships with indigenous and international business leaders strengthens our students' employment prospects.

The Letterkenny campus is at heart of the university town. It includes over 18,000 square meters of educational and support accommodation with specialised teaching and research [facilities](#). It also houses our library, dining areas, meeting rooms and state-of-the-art sporting facilities. With a diverse range of transport links, the Letterkenny campus is easily accessible for national and international students and visitors. It offers a wide range of courses in engineering and technology, science and health and business at undergraduate and postgraduate level.

## ATU Donegal Killybegs

The Killybegs Campus is set in some of the most unspoiled countryside and coastal areas of Donegal. With a stunning coastline and Blue Flag beaches on your doorstep no wonder it's home to the Department of Tourism and Sport. The campus offers 2 undergraduate courses and a wide variety of part-time, flexible, online and postgraduate courses. The campus is renowned for its reputation in delivering academic excellence across the culinary arts, hospitality and tourism disciplines. With a diverse range of transport links, the Killybegs campus is easily accessible for national and international students and visitors.

## ATU Sligo

Sligo combines a vibrant urban centre with stunning natural beauty. The perfect setting for an unforgettable student experience. One of the major plus points to life in Sligo is the sense of community our students feel while benefiting from the support of a team of dedicated staff. With a diverse and plentiful range of accommodation options available, the cost of living in Sligo is one of the most reasonable in Ireland. Over 10,000 students study here within our two campus locations as full-time, part-time or online students.

The Sligo campus combines modern buildings, state-of-the-art facilities and landscaped grounds. The campus provides bright and contemporary spaces to ensure students get the best experience possible. Whether it is the engineering and science labs, Apple Mac computer lab or the new creative hub for arts, design and architecture; our students have access to some of the best facilities to ensure they have the highly sought-after skills to succeed in their career.

The 72 acre campus is just a ten-minute walk from the town centre, whilst our location along the Wild Atlantic Way means beaches, mountains and countryside are all just a short trip away. The campus offers undergraduate, postgraduate and online courses in business, social sciences, engineering and design and science.

## ATU St Angelas

Our St. Angelas campus is perhaps the most scenic in the country and just minutes away from Sligo town centre. Students experience small class sizes and a personal approach to learning in a comfortable and welcoming setting. St. Angelas students enjoy a healthy balance of theory and practice across all undergraduate courses so students can enhance their skills ahead of real-world placements.

Students enjoy a learning experience that will empower them on a personal and professional level to ensure their high employability on graduation. The campus offers undergraduate, postgraduate and part-time courses in nursing, health sciences and disability studies, home economics and education.

# Applying to ATU

Application for full-time undergraduate and postgraduate programmes are made directly to the relevant ATU Global college office

For full details of entry requirements, access routes and student support, applicants can search for the course details on the ATU website [www.atu.ie](http://www.atu.ie)

## CLOSING DATE

Closing date for all applications: **31st May**

## Scholarships

ATU offers a range of scholarships for international students. For more information please check out our website [atu.ie/international](http://atu.ie/international)

## English Requirements

Courses are taught through English at ATU. Therefore students need to demonstrate a high level of proficiency in the English language. In addition to other entry requirements, applicants whose first language is NOT English are required to provide official evidence of English language proficiency.

The table below provides a quick overview of our general English language requirements. For a more detailed breakdown please visit our website: [www.atu.ie/international](http://www.atu.ie/international)

Undergraduate	IELTS 5.5 or equivalent (CEFR B2, PTE, TOEFL iBT, Cambridge English/1119, Duolingo)
Taught Masters	IELTS 6.0 or equivalent (CEFR B2, PTE, TOEFL iBT, Cambridge English/1119, Duolingo)
Masters by Research	IELTS 7.0 or equivalent (CEFR C1, PTE, TOEFL iBT, Duolingo)

# Meet the ATU Global Team

The ATU Global Team is led by a group of experienced specialists, distributed across ATU's multiple campuses in the North West region of Ireland. They are accompanied by an administrative team, who are all supporting internationalisation initiatives, such as student and staff mobility, promotion and international student recruitment.

The Team are delighted to liaise with Education Agents, Erasmus and Study Abroad partners who wish to work with ATU. We are also happy to answer any questions on programmes, entry requirements and pathways from international applicants or prospective partners. We can facilitate visits for applicants, parents and partners to our multi-campus university in the North-West region. Please contact the team leads below, who will put you in touch with the appropriate staff member at ATU, to address your particular query.
